Attachments: D430707.mem.docx

Hi Dana,

Since Billy has already looked over the Davis DER, we'll focus most of the team meeting on asking HED to summarize the study differences and presenting justification for using one or both.

Hi Dana,

Here's a revised summary with the Hartz tables removed. I kept the information about the study up front, but noted that the focus of the summary would be just on the results using the Davis study. Let me know if you want anything further or any changes made.

Subject: revision to the summary for Hartz

Kelly, Mike,

We're hoping HED can condense the summary put together for the discussion with Hartz to include only the collar estimates with the Davis data, not the Hartz residue transfer study.

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Please let me know if you have any questions or concerns with this approach, and if you might be able to help us out with this so that Trish may send it to Hartz by COB today, or early tomorrow morning.

Many thanks,
Dana

Dana L. Friedman
